

For Such a Time as This

Verse 1:

God is the Creator all powerful
He is the Savior so wonderful
Not one thing great or terrible
Can happen without his will.

Not one thing happening to you or me
Not one thing over the world we see
Not one thing he hasn't allowed to be
In his sovereign holy will.

But the wonder of his way
Is that he has made us new
And his plan of redemption
Is not an exemption from the
Plan to use me and you

Chorus:

For such a time
A time as this
It's a time
We cannot miss
In his time
He will redress
All the wrong that he will find
For such a time
A time
As this.

Verse 2:

Even though our God is watching out for you
There's people in the world with hatred, too.
They steal and kill for red or blue
While other oppress the poor.

But God called us to be his hands of love
And God called us to be his feet of peace
And God call us to bring community
In the hope of something more.

Are we ready for his call?
Do we know what we must do?

Cause his plan of redemption
Is not an exemption
From the plan to use me and you

(Chorus x2)
