

Your Presence Is Here

Your presence is here,

Your presence is here

We no longer need a temple for Your Spirit to draw near;

When we gather here together, Your word has made it clear,

That this place is holy ground for Your presence is here.

Your mercy is here,

Your mercy is here

We no longer make atonement for your mercy to draw near;

The blood of Christ has cleansed us; Your word has made it clear,

That we are a holy people for Your mercy is here.

Your justice is here,

Your justice is here

We no longer fear oppression for Your justice will draw near;

We're a light unto the nations; Your word has made it clear,

That we have a holy purpose for your justice is here.

Your presence is here

Your presence is here

We no longer need a temple for Your Spirit to draw near;

When we gather here together, Your word has made it
clear
That this place is holy ground,
And we are a holy people,
And have a holy purpose for Your presence is here.
